

Chelmstone provides a wide range of specialty products in paving and stone for domestic, commercial and industrial use. With the summer months upon us, Chelmstone offers a cool and distinct product for any landscaping project – locally produced and naturally ‘cool-to-touch’ limestone and environmentally friendly ‘low carbon footprint’ pavers. Specially designed to avoid flaking, Chelmstone provides quality-made and optimum comfort pavers, upholding the tick of approval from builders across Australia.

# Chelmstone's 3 points of difference

## 1. Cool to touch

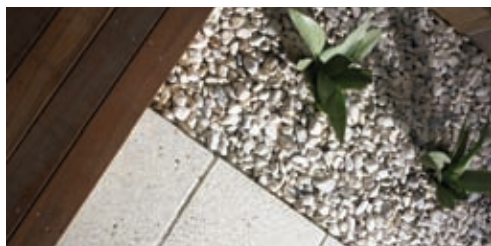

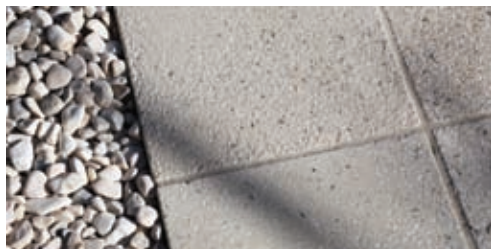

no burning feet, material is made from Limestone (coolest paving product available)

## 2. Locally produced

reduced carbon footprint

## 3. Hand screeded

no flaky backs / pool builders choice

## Quality Assurance

Here at Chelmstone we have the reputation of being the premium producer of cast concrete pavers. This is due to the craftsmanship that goes into each hand screeded paver. Also the premium raw materials sourced over many years; the finest quartz sand, cream coloured limestone aggregate, white cement and the best iron oxide available on the market. There is no compromise on our quality raw material.

## Colour Options

Also Available Matching bullnose & square edge pool coping.

### Product Specifications:

|                       |  |
|-----------------------|--|
| Dimensional Accuracy: | All dimensions accurate to +/- 3mm as tested to AS / NZS 4455 1997 |
| Salt Safe:            | Yes, as tested to AS / NZS 4456.10 1997                            |
| Slip- Resistance:     | Non-slip surface, as tested to AS / NZS 3661.1 1997                |
| Matching Grout:       | Yes (Coloured Sand Mix)  |
| Units/ Square Metre:  | 6.25 (400x400) / 5.6 (600 x 300)                                   |
| Units / Pallet:       | 84 (400x400) / 72 (600 x 300)                                      |
| Installation Guide:   | Yes, free  |
| Technical Support:    | Yes, please call (07) 3279 3177                                    |

**Please Note:** Colours and textures are indicative only, please see sample before final selection. It is a unique characteristic of this product to have colour variations. Chelmstone will mellow and age over time as would natural stone. Staining can be minimised by sealing the product.

## Quarriedstone

In the quest for additional living space, there is one area that continually provides the best option: your outside space. What better way to increase your home's value, bring the outdoors in, and frame dramatic views while creating an elegant space to live and play. Today, some of Australia's most beautiful homes have literally been transformed into a paradise with the Chelmstone collection of premium paving and pool coping pieces. As outdoor living grows more sophisticated, the backyard has blossomed into a stylish, distinctive and multifaceted space that has become a well loved area of the home.

You may be yearning for a body of deep blue water to energise you, a restorative spa to calm you, or simply a flat space for sunbathing and stargazing. Embrace the outdoors and let nature invigorate your mind and soul. Chelmstone brings together the leading range of premium pool surrounds to complete your outdoor lifestyle.

Quarriedstone Desert Blend by Chelmstone is distinguished by a natural looking two-toned blend that is distinctively different in every paver. No two are the same, and each has a refined character, drawn from years of quality craftsmanship.

## Popular paving sizes

|              |   |
|--------------|---|
| Quarriestone | 400 x 400 x 40   600 x 400 x 40   600 x 600 x 40                  |
| Limestone    | 400 x 400 x 40  |
| Satinstone   | 400 x 400 x 30   500 x 500 x 40   600 x 600 x 40   600 x 400 x 40 |
| Ashlarstone  | 600 x 300 x 40  |
| Rivenstone   | 600 x 400 x 40  |
| Cobblestone  | 765 x 385 x 40  |
| Warwickstone | 400 x 400 x 40   500 x 500 x 40   600 x 600 x 40                  |

## Cobblestone

Recreating the ageless beauty of European cobbles.

Our cobblestone is technically advanced, by manufacturing the randomly selected stones connected by nylon fibre into a 765 x 385 x 40mm mat. This paving system enables multiple continuous laying of 33 stones per mat reducing the traditionally high cost of installation.

Our cobblestones compliment a variety of architectural styles and are a feature of many prestigious homes.

## Limestone

This paver is inspired by Europe's much loved travertine, in certain light you can see the faded saw cuts as though this has been cut from a southern Italian quarry.

## Satinstone

Giving you the best of both worlds, Chelmstone invites the outdoors in-an illustrious combination, making your dreams of an outdoor lifestyle a delightful reality. Enjoy elegant yet functional space that becomes a fluid extension of your home. Add depth and dimension to your own unique environment with the seductive aesthetic that is typical of Chelmstone.

Your mark of distinction, your desire for quality.

Your love of classic style that can be defined in many ways. An ambience so stirring it will announce both your taste

and imagination, reflecting your values of substance and refinement. Embracing tradition and new ideas with equal passion, you are seeking an ageless and enduring look that will be cherished for many years to come.

Satinstone separates itself from ordinary products by its subtlety and beauty. Make a unique architectural statement with the intriguingly seductive satin texture and smooth, earthy aesthetic of Satinstone.

## What is?

**Ashlarstone**  
**Quarriedstone**  
**Limestone**  
**Satinstone**  
**Rivenstone**  
**Cobblestone**

is a traditional rectangular paver with a draft boarder frame.

is distinguished by a natural looking stone texture with a style that is uniquely different.

is filled with character, inspired from Europe's much loved travertine.

makes a unique architectural statement with it's intriguingly seductive satin texture and smooth, earthy aesthetic. large rustic flagstone.

recreated the ageless beauty of European cobbles.
