

Meets demanding design requirements for seating in large areas. A chair with a totally flexible range of uses. The designer slot in the back makes the Züco Sala easy to handle, with a flat structure for maximum space-saving when the chairs are stacked. The stable fixed connection makes for a row seating solution that ensures safety in panic situations. Relaxed sitting thanks to the rocking effect in the back.

ZÜCO SALA
Simply
impressive.

Design

Martin Ballendat (Ballendat Design)
