

ECO12 4x3W LED Downlight Fitting

Introducing the Superlight ECO-12, the latest LED downlight fitting designed and distributed exclusively by Superlight. This stylish LED downlight has a ceiling cut-out of 90mm, making it an ideal replacement for existing halogen downlights, as well as a perfect option for any new residential & commercial installations.

The ECO-12 LED downlights have a semi-polished reflector which enhances the illumination and appearance of the fitting, they are supplied with standard 240V LED driver which means there is no additional transformer or power supply required. For 1-10V dimming option, use our SL5066 dimmable LED driver (available separately).

- Low Energy LED Downlight
- Can replace 50W Halogen Downlights
- Fits Standard 90mm Ceiling Hole Cutout
- 240V LED Driver Included (Optional Dimmable Driver Available)
- Matt White Trim with Semi Polished Silver Reflector
- Low Power Consumption
