Raymor

IN ALL THE BEST PLACES

HOTELS, LANDMARKS & AUSTRALIAN HOMES.

RAYMOR HAS A RICH AUSTRALIAN PAST, HONOURED NOT ONLY FOR ITS HISTORICAL PERSPECTIVE, BUT FOR THE WAY IT POINTS TO THE FUTURE.

It's not your average company that finds itself honoured with a permanent display at Sydney's Powerhouse Museum.

Yet such is the intrinsic role of Raymor in creating the character of Australian bathrooms, kitchens and laundries that we have been identified by the museum as a national icon.

Since 1947, our elegant designs – supported by expert engineering, remarkable reliability, low maintenance and, importantly, superb value for money – have earned us the unreserved loyalty of Australian architects, plumbers and homeowners alike.

Across the decades, our elegant products have defined the style of each era – from the simple post-war years to the excessive eighties and now, the minimalist present.

Importantly, our reputation for innovation has kept step with our designing passions. Our many awards recognise our pivotal role in creating now-international tapware standards – including heatproof handles and single-hole mixer taps.

Such commitment to excellence means we're part of many hotels and landmarks across the continent – from Parliament House and the Australian Defence Force Academy in Canberra, right through to the 2000 Olympics' Homebush Stadium.

Our proudest achievement? By far, it's the position of trust we have held in Australian homes for 60 years – and will do so for decades to come.
